Proceeds from this summit will be utilized for selected projects in India

In collaboration with Ministry of Overseas Indian Affairs & India Development Foundation of Overseas Indians

ADVANCING WORLD CLASS HEALTH CARE...
ACCESSIBILITY * AFFORDABILITY * QUALITY

www.aapighsindia.org
As the President for AAPI USA, I am very pleased to inform you that AAPI USA has been actively engaged in harnessing the power of Indian diaspora to bring the most innovative, efficient, cost effective health care solutions to India on January 3-5, 2014 at Gujarat Convention Center in Ahmedabad, Gujarat. For the first time clinical practice workshops will be held at this summit.

With the changing trends and statistics in health care, both in India and US, we are refocusing our mission and vision of GHS 2014. AAPI would like to make a positive meaningful impact on the health care in India. The mission of AAPI is to share best practices and experiences from leading experts in the world and develop actionable plans for launching demonstration projects that enable access to affordable and quality health care for all people. To accomplish this mission, AAPI is backed by leading health care experts and professional associations, including Indian Medical Association, Global Leadership Council, Ministry of Overseas Indian Affairs and India Development Foundation of Overseas Indians.

This international health care summit is a progressive transformation from the first Indo-US health care Summit launched by AAPI USA in 2007. Since then, AAPI has organized seven Indo-US/Global health care Summits and developed strategic alliances with various organizations. It is these learnings and relationships that have now enabled us to plan ahead and prepare for an outstanding event that has already received confirmation and endorsement from over 300 very prominent and talented physicians and surgeons that are very passionate about serving their homeland, Mother India. The final attendance is anticipated to exceed over 800 - 1000 delegates.

The announcement for this conference has also already attracted several India based professional associations including IMA, MCI, ASI, IPS, APA, API, ICON and IOEA to name a few. In addition, several international health care industry partners are looking for opportunities to participate in this event for greater collaboration on Research & Development and genuine philanthropic engagements.

Research Competition

AAPI invites Practising Physicians, Medical Students, Residents and Fellows to submit their research abstracts and posters for presentation at the 2014 Global Healthcare Summit, Ahmedabad, India.

Abstract Submission period: August 12th, 2013 - November 18th, 2013 at 5 p.m. IST

Availability of Submission guidelines & forms: August 1st 2013 on www.aapighsindia.org

Categories:
1. Clinical sciences and patient-based research
2. Basic science/translational research
3. Innovation in Medicine, Charitable Work
4. Health Care Management

The scientific program of GHS is developed by leading experts with contributions by the Scientific Advisory Board and the International Scientific Committee.

Includes high priority topics - cardiology, maternal and child health, diabetes, oncology, surgery, mental health, immunology & lung health, HIT, allergy and the impact of co-morbidities

Features plenary sessions, interactive round tables, clinical practice workshops, and meet-the-expert sessions

Scientific poster session will facilitate dissemination and exchange of best practices

Bringing ACLS and BLS in Medical Education curriculum

Clinical trials workshop with plenary session on ethics and regulations necessary to protect patients in India

Workshops for advanced technology, Surgical skills, Robotic Surgery, Wound Care, Head & Neck Cancer and Advanced Endoscopy Skills

Advocacy on Biomedical Waste disposal for a cleaner environment

More than 100 opinion leaders and expert speakers from across the globe will present cutting-edge scientific findings related to clinical practice

Invited chairs and speakers will represent major centers of excellence, institutions and professional associations

Accredited by the Accreditation Council for Continuing Medical Education for 14 hours of credit

A CEO Forum in Ahmedabad- CEOs from around the world from hospitals, teaching institutions and major health care sectors, including pharmaceutical, medical devices and technology, will join to explore potential opportunities for collaboration

First Indo US Health Care Summit was inaugurated in December, 2007 in New Delhi and has progressed to the Global Health Care Summit to be held in Ahmedabad, Gujarat, India during January 3-5, 2014

The 2014 GHS will draw over 1000 leading experts from several countries

GHS will focus on sharing best practices, developing efficient and cost effective solutions for India
